We may terminate your contract if your account value is less than $500 and no purchase payments have been received in three years.

MAXIMUM ISSUE AGE

Age 80 or younger after effective date of contract (70½ years for Qualified plan annuitants).

DIVERSIFICATION

- Choose funding options with portfolios managed by a variety of well-known managers.
- Funding options designed to offer choice of investment styles and diverse asset class representation, including stocks, bonds, money market and a fixed account.

TRANSFERS

- Transfers among funding options at no additional cost. 
  Fixed Interest Account transfers have restrictions. See prospectus for details.

ACCESS TO YOUR MONEY¹

- Systematic Withdrawal Program available.
- Full range of annuitization options.
- Loans may be available under certain qualified contracts.

BENEFICIARY PROTECTION OPTIONS²

(Prior to Maturity Date)

If owner or annuitant is younger than 74, the Standard Death Benefit guarantees your beneficiary receives the greatest of:

- Total purchase payments
- Cash value of contract
- Maximum cash value at most recent fifth year contract anniversary (Less any withdrawals made since that anniversary before receipt of due Proof of Death)

If owner or annuitant is older than 74, the Standard Death Benefit guarantees your beneficiary will receive the greatest of:

- Cash value of contract only

ADDITIONAL FEATURES

- Dollar Cost Averaging (DCA)³
- Systematic Withdrawal Program
- Rebalancing Program³
- Managed Distribution Program

CONTRACT FEES AND EXPENSES

- No front-end sales charges.
- 1.25% Mortality and Expense Risk Charge.
- Semi-Annual $15 Contract Administrative Charge.
- Deferred Sales Charge (withdrawal charge) of 5% assessed against withdrawals of purchase payments within five years of payment into contract.
- Underlying fund investment management fees and expenses vary. See prospectus for details.

¹ Withdrawals are subject to ordinary income taxes. Withdrawals of taxable amounts from an annuity may be restricted before age 59½ for a TSA (for 457(b) before age 70½) or by other terms of a plan where applicable. Withdrawals prior to age 59½ may be subject to a 10% (for SIMPLE IRA 25%) federal tax. In certain states, a premium tax may apply. In addition, withdrawals will reduce the contract value and death benefit.

² The fixed account, death benefit(s), income options and any additional guarantees are based on the financial strength and claims-paying ability of MetLife Insurance Company of Connecticut.

³ Dollar Cost Averaging and Rebalancing do not assure profit nor protect against loss in a declining market.

C Invests in stocks of small capitalization or mid capitalization companies. Such stocks may fluctuate in value more than stocks of large capitalization companies, and may perform poorly due to the issuers’ limited product lines, markets, financial resources or management experience.

D This portfolio is non-diversified, which means that it invests in a limited number of stocks and is therefore subject to greater overall risk than diversified portfolios. Poor performance of a single security will generally have a more adverse impact on the return of a non-diversified portfolio than on a diversified portfolio, which would normally invest across a greater number of issuers.

F Invests in securities of foreign companies and governments, which involves risks not typically associated with U.S. investments, including changes in currency exchange rates; economic, political and social conditions in foreign countries; and governmental regulations and accounting standards different from those in the U.S.

H Invests in high yield or “junk” bonds, which are issued by companies that pose a greater risk of not paying the interest, dividends or principal their bonds have promised to pay. Such bonds are especially subject to adverse changes in interest rates or other general market conditions, or to downturns in the issuers’ companies or industries.

I Morgan Stanley sponsors the MSCI EAFE Index, Barclays Capital sponsoring the Barclays Capital U.S. Aggregate Bond Index and Frank Russell Company sponsors the Russell 2000® Index (together referred to as “index sponsors”). The index sponsors have no responsibility for and do not participate in the management of Portfolio assets or sale of Portfolio shares. Each index and its associated trademarks and service marks are the exclusive property of the respective index sponsors. The Metropolitan Series Fund, Inc. Statement of Additional Information contains a more detailed description of the limited relationship the index sponsors have with Metropolitan Life Insurance Company and the Fund.

R Invests in Real Estate Investment Trusts (REITs), which attempt to profit from the rental and sale of real property or from real estate mortgages. REITs may suffer from declines in real estate values or changes in interest rates.

Y These funding choices are Fidelity Variable Insurance Products funds that are designed as investment vehicles for variable annuity and variable life insurance contracts of insurance companies. MetLife receives a fee from Fidelity for providing certain recordkeeping and administrative services. You are not responsible for these fees.

AA Asset allocation portfolios are “fund-of-funds” portfolios. Because of this two-tier structure, each asset allocation portfolio bears its own investment management fee and expenses, which includes the cost of the asset allocation services it provides, as well as its pro rata share of the management fee and expenses of each underlying portfolio. Without these asset allocation services, the contract owner’s expenses would be lower. Diversification does not ensure a profit or protect against loss.

An investment in the BlackRock Money Market Portfolio is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Portfolio seeks to preserve the value of your investment at $100 per share, it is possible to lose money by investing in the Portfolio.

While diversification through an asset allocation strategy is a useful technique that can help to manage overall portfolio risk and volatility, there is no certainty or assurance that a diversified portfolio will enhance overall return or outperform one that is not diversified.
Universal Annuity is a variable annuity and is offered by prospectus only, which is available from your registered representative. You should carefully consider the product’s features, risks, charges and expenses, and the investment objectives, risks and policies of the underlying portfolios, as well as other information about the underlying funding choices. This and other information is available in the prospectus, which you should read carefully before investing. The account value is subject to market fluctuations so that, when annuitized or withdrawn, it may be worth more or less than its original value. There is no guarantee that any of the variable investment options in this product will meet their stated goals or objectives. Product availability and features may vary by state. All product guarantees are based on the financial strength and claims-paying ability of MetLife Insurance Company of Connecticut.

Like most annuity contracts, MetLife contracts contain surrender charges, termination provisions, holding periods, exclusions, limitations and terms for keeping them in force. See your MetLife of Connecticut representative for complete details.

Neither MetLife nor its representatives or agents are permitted to give legal, accounting, ERISA or tax advice. Any discussion of taxes, ERISA or accounting rules included in or related to this brochure is for general informational purposes only. Such discussion does not purport to be complete or to cover every situation. Current tax law and ERISA are subject to interpretation and legislative change. Tax results and the appropriateness of any product for a specific taxpayer may vary depending on the particular set of facts and circumstances. You should consult with and rely on your own independent legal, ERISA, accounting and tax advisors.

If purchasing this contract with before-tax dollars (either with a Qualified Plan annual contribution or with rollover amounts), you should understand that while this contract does not provide additional tax-deferral benefits, it does offer features such as a death benefit, income options and other non-tax-related benefits.

Pursuant to IRS Circular 230, MetLife is providing you with the following notification: The information contained in this document is not intended to (and cannot) be used by anyone to avoid IRS penalties. This document supports the promotion and marketing of insurance company products. You should seek advice based on your particular circumstances from an independent tax advisor.
